Assignment 11: My American Gothic

Due: October 29th

Images to turn in: 1 print 17x22 image on 19x24 paper

Image mode: Color

"The best images are the ones that retain their strength and impact over the years, regardless of the number of times they are viewed." - Anne Geddes

This assignment is to recreate the *American Gothic* painting by Grant Wood from 1930. Your job for this assignment is create an image as close to the painting as possible.

This assignment is all about problem solving:

- Find an interesting location (as close as possible).
- Selection of models, clothes & props.
- What time of day should you take the image?

Along with your print I would like your thoughts about this assignment:

- What did you learn for this assignment?
- What was the hardest part of doing this assignment?
- Was it worth the work?
- After finishing the assignment what would you do differently?

Please email your thoughts the night before the assignment is due.
