**Assignment 13: Architectural Interior**

**Due: Nov 18th by 7pm**

**Images to turn in: 1 image**

*"In the big picture, architecture is the art and science of making sure that our cities and buildings fit with the way we want to live our lives"* **Bjarke Ingels**

This assignment is to find and photograph an architectural interior.

Be aware of lighting and how it enhances, or takes away from the quality of what you are trying to say with your photograph.

Look at your subject to make sure there is anything in your viewfinder that doesn't support or enhance what you are trying to accomplish, don't include it or remove it with photoshop! Make sure you correct your color balance if needed in photoshop or lightroom.
