Due: **Sep 9th 2018 by 7pm**

Images to turn in: 1 B&W image

*"Every artist has a central story to tell, and the difficulty,  
the impossible task, is trying to present that story in pictures"*

**Gregory Crewdson**

This assignment is to find or create a subject that illustrates loneliness. This assignment is all about invoking a feeling in the viewers mind or tugs at the heart strings. Choose your subject and setting carefully before you capture your image. Remember this image is all about emotion. Crop your image to 15 inches the long dimension.

Your final image is to be x15in at 8 bits/per channel at 300ppi, save as a tiff with LZW compression. The file size will be between 10 & 12MB. This size file can be emailed to me without any problems.
