Assignment 9: Flip Composite

Due: Oct 15th

Images to turn in: 1 Print

*"There is only you and your camera.
The limitations in your photography are in yourself,
for what we see is what we are"*
Ernst Haas

This assignment is to photograph a subject that will make an interesting composite using only one image. After processing the image, make a copy and flip the image horizontally and then put them together in the center creating a mirror image. Select those two images and then flip them vertically

This assignment can be in black & white or color, horizontal, vertical or square format. Print size is open as long as one dimension of the paper is 24 inches and has a 1.5 inch border around the image. The largest image will be 21x21 inches on a 24x24 sheet.
