

Assignment 10: Flip Composite

Due: Nov 8th

*"There is only you and your camera.
The limitations in your photography are in yourself,
for what we see is what we are"*
Ernst Haas

This assignment is to photograph a subject that will make an interesting composite using only one square image. After processing the image, make a copy and flip the image horizontally and then put them together in the center creating a mirror image. Select those two images and then flip them vertically

This assignment can be in black & white or color, square format. The image will be 20x20 inches.
