**Assignment 2: Wide Horizontal**

**Due: Sep 13<sup>th</sup> by 3pm**

*"A camera is a tool for learning how to see without a camera"*

Dorothea Lange

This assignment you have your choice of any subject matter that will lend itself to a wide horizontal crop. Your image is to be 8in x 22in. This assignment is a single image and not one that is stitched together.

You might want to consider using a tripod and locking up you mirror for best image possible. Keep in mind that when you frame your subject that this is a wide crop.
