

Assignment 9:

Subject: Portrait | Magritte: *The Son of Man*

Due: Apr 22nd 2024

“The best images are the ones that retain their strength and impact over the years, regardless of the number of times they are viewed” Anne Geddes

This Photoshop assignment is to recreate *The Son of Man* painting by Magritte from 1964. Create an image as close to the painting as possible using Photoshop.

This Photoshop assignment is all about problem solving:

You may need to photograph or create separate images of the hat, the color of the jacket, the clouds, the water, the wall and the apple with the leaves. These items are important to the completed image.

Pay attention to the lighting and the placement of all the elements.

This is a print assignment. The vertical image is 15"x21" on 24"x18" paper.

If necessary, you can purchase the hat for \$9.95 from [Amazon](https://www.amazon.com).
